

MALEEHA ABID

BSc Geography Student · GIS & Spatial Analysis

Lahore, Pakistan · malihaabid02@gmail.com · +92 325 8322544

PROFESSIONAL PROFILE

BSc Geography student at Lahore College for Women University with academic and practical experience in GIS and spatial mapping, including internship experience with the Soil Survey of Punjab. Developing skills in ArcGIS, QGIS, spatial data handling, map digitisation, and introductory Python. Interested in geospatial analysis, environmental research, and opportunities to apply and expand these skills.

EDUCATION

Bachelor of Science (BSc) - Geography

2023 – 2027

Lahore College for Women University, Lahore

Relevant coursework: Geographic Information Systems (GIS); Cartography; Remote Sensing; Environmental Geography; Human Geography; Physical Geography

F.Sc Pre-Medical - Concordia College, Lahore

2023

Matriculation - Pride School System, Lahore

2021

INTERNSHIP EXPERIENCE

GIS & Mapping Intern

06 August 2026 – 28 August 2026

Soil Survey of Punjab, Lahore

- Used GIS tools for the preparation of soil maps.
- Applied digitisation techniques for soil mapping.
- Worked with layout composition for the preparation of soil maps.

TECHNICAL SKILLS

GIS & Geospatial

ArcGIS (beginner) · QGIS (beginner) · Map Digitisation · Georeferencing · Layer Editing · Spatial Data Handling · Map Visualisation · Environmental Mapping

Programming & Data

Python - introductory / workshop-based · Data Collection & Documentation

Microsoft Office

Word · PowerPoint · Excel (basic)

ACADEMIC PROJECTS & GIS EXPERIENCE

GIS & Mapping Practice

- Applied basic map digitisation and layer-editing techniques using ArcGIS and QGIS.
- Worked with spatial data and basic georeferencing workflows in university GIS practical assignments.
- Created and interpreted map visualisations and layouts for academic geographic analysis.

Geography Coursework

- Participated in map-based coursework and field observation activities.
- Assisted in preparing geography reports and academic presentations.
- Applied basic environmental and geographic research methods in academic coursework.

PROFESSIONAL DEVELOPMENT & WORKSHOPS

2-Day Python Workshop (LCWU)

Introductory Python training completed outside the formal Geography curriculum.

International Workshop on Field Research & Migration Studies (Global South)

November 2025

Lahore College for Women University

- Strengthened fieldwork and geographic data collection skills.
- Examined migration patterns and socio-economic factors in developing regions.
- Built familiarity with research methodologies used in geography studies.

AREAS OF INTEREST

GIS & Geospatial Analysis · Spatial Data · Map Digitisation · Environmental Mapping · Remote Sensing · Geography Research

ADDITIONAL INFORMATION

Soft Skills: Analytical Thinking · Attention to Detail · Problem Solving · Team Collaboration · Communication · Adaptability
